

HOLDEN SPECIAL VEHICLES

PLANT VISIT

The Victorian Branch Committee has arranged for a plant visit to Holden Special Vehicles. We will be doing a tour of the HSV production facility. The tour takes about 30 to 60 minutes, and places are strictly limited to 10 people per visit.

We have booked two dates for this visit. As places are limited, numbers will be allocated strictly on a first-come-first-served basis. Should we have more interest than for these two dates, we may arrange further sessions.

There is no cost to members for the tour. To reserve your place, please call Heather on 9416 2222, email aisf@aisf.org.au or fax the form below.
